CLEAR LABEL OPTION FOR WEB TECHNIQUES REWIND SYSTEMS

Detects clear and opaque labels on clear or opaque backing material easy!

The Web Techniques Clear Label Option is an option for any new Web Techniques Rewind System that has label count! This option can also be retrofitted on existing WT-25LC/LCI's. This option makes the detection of clear and opaque labels on clear or opaque backing material easy. The set up is fast with one press of a button for the label and one press for the label gap.

Features

AUTOSET INDICATOR

Flashes GREEN during AUTOSET.

OUTPUT INDICATOR

Illuminates RED when outputs are ON.
Flashes when short circuit or overload detected.

ALIGNMENT MARKS

Indicates location of sensing mechanism.

AUTOSET Δ BUTTON

1. Push and hold with gap in view for two seconds for AUTOSET.
2. Tap UP (Δ) to reduce threshold.

LT/DK ∇ BUTTON

1. Push and hold to toggle between light on or dark on.
2. Tap DOWN (∇) to increase threshold.

Web Techniques Clear Label Option on a WT-35 Rewind

This is my pledge to our customers. If it is not right we will make it right. We follow the Golden Rule at Web Techniques and treat others as we would want to be treated. If you ever have any questions or concerns about a Web Techniques product or service feel free to contact me directly. Thank you for your business!
