END OF ROLL DATA PRINTER OPTION

The End of Roll Data Printer Option is an option for any of our new WT-35 OR WT-35VS Rewind Systems! This option will make documenting counting jobs easy and efficient!

End of Roll Data Printer Option pictured above on a WT-35 Rewind System

Features:

- Allows End of Roll Data Printing with time stamp, user information and label count information
- Larger HMI Touchscreen interface to input data and print

Benefits:

- **Exact time stamp when printed for accurate and live rewind data**
- Easy to use and operate with almost no set up required!

This is my pledge to our customers. If it is not right, we will make it right. We follow the Golden Rule at Web Techniques and treat others as we would want to be treated. If you ever have any questions or concerns about a Web Techniques product or service, feel free to contact me directly. Thank you for your business!
