ERGO-LIFT HEIGHT ADJUSTMENT SYSTEM

Part Number: **01-1261**

Would you like your table to be more ergonomically friendly for your operators? Do you have concerns over operators and repetitive stress injuries? Then the Web Techniques Ergo-Lift Height Adjustment System may be for you!

The Ergo-Lift System can be added to a newly purchased Web Techniques rewind system, or can be field retrofitted to any existing label rewinding system.

To learn more about Web Techniques Ergo-Lift or any of our other revolutionary products, visit our website at

webtechniquesinc.com.

The Web Techniques Ergo-Lift Height Adjustment System is field installable on all existing WT-25, WT-25LC & WT-25LCI systems as well as all new WT-30 or WT-35 systems. The Ergo-Lift System includes:

- Quantity one (1) manual (optional electric driven) hydraulic pump.
- Quantity four (4) hydraulic height adjustment cylinders, one for each leg.
- Mounting hardware for field installation if applicable.

Specifications:

- Compact system designed for minimum footprint.
- Effective height adjustment up to 24".
- Rugged design for industrial environments.
- Easy installation and can be retrofitted on any WT-25, WT-30 or WT-35 rewind system.
- Low maintenance.
- Assembly instructions with all mounting hardware.

Approximate Dimensions: 30" length X 3.25" diameter/leg

Delivery: 5-10 Business Days

This is my pledge to our customers. If it is not right we will make it right. We follow the Golden Rule at Web Techniques and treat others as we would want to be treated. If you ever have any questions or concerns about a Web Techniques product or service feel free to contact me directly. Thank you for your business!
